TROOPS FOR EMERGENCY

Will Be Held In Readiness
to Answer the Call of Gen-
eral Funston—President
Wilson Personally Takes
Up the Mexican Border
Situation With War De-
partment.

(Associated Press Telegram)
Brownsville, Texas, Aug. 13.—
One Mexican was killed today near
Lyford, Texas, a short distance north
of here, by soldiers and peace offi-
cers. The soldiers shortly before
daylight went to a ranch house near
Lyford, where it was reported that
a Mexican, accused of wounding
night watchman Fritz George at Ly-
ford last week, was in hiding. The
Mexican was arrested and was shot
when he made a break to escape
from the automobile in which he
was being taken to Lyford.

Rangers and United States regu-
lars today had the upperhand ap-
parently throughout the section ex-
tending a hundred miles north of
Brownsville. Details of soldiers
which patrolled every town along the
railroad were reinforced by rangers
and local police officers, all heavily
armed. Armed men are traveling
from town to town, hilly filling the
smoking cars of trains.

(Associated Press Telegram)
Brownsville, Tex., Aug. 13.—Re-
ports of fighting between Mexican
bandits and citizens last night at
Edinburg today are shown to have
been erroneous and to have origi-
nated through failure of a messenger
who called Brownsville by telephone
to give any details before he left the
instrument.

The messenger evidently had been
sent from the scene of the impending
attack to call for aid and without
having definite information, told the
Brownsville end that fighting was
in progress. A few armed men were
seen but there was no firing. No
further outbreaks have been reported
today.

Officials here, in answer to the
statement of General Nafarrette,
Carranza commander at Matamoros,
that he did not have but 500 troops
on the border, say that there are
more than 2,000 troops in the zone
indicated by the Mexican general.
Nafarrette had made the statement
to show that the supposed 1,000
Mexicans reported to have crossed
into Texas to breed uprisings were
not Carranza followers as was re-
ported.

American Steamer Released Upon Representations Made By U. S. Department of State

(Associated Press Telegram)
Washington, Aug. 13.—The Ameri-
can oil steamer, Wico, taken by
German warships to Swinemunde,
has been released and facilities have
been given for repairs to damage
when the ship was being brought
into port by the German prize crew.
Her cargo was released.

Ambassador Gerard, on instruc-
tions of the state department made
representations which secured the
release of the Wico. He had pre-
viously secured the release of the
Llama, also bound for Stockholm.
The cargoes were for neutral con-
sumption and were not interfered
with.

The only American ship now held
by the Germans in the Dunsyre, de-
tained until the question of owner-
ship is settled. German authorities
contend her change from British to
American register was to avoid
capture.

No official notice of the detention
of the Standard oil tank steamer
Petroline by the British at Kilmall
has as yet reached the department.

PRICES ADVANCED

FOR CRUDE OILS.

(Associated Press Telegram)
Pittsburg, Aug. 13.—Ten cents a
barrel advance in the price of prin-
cipal grades of crude oil was an-
nounced today by the South Penn
Oil company. This is the first
change in price since April 3, when

18 PIECES OF SKIN
FROM BODY OF SON
GRAFTED ON FATHER.

Eighteen pieces of skin were
grafted on the arm of William
Crawmer at the Newark Sanit-
arium on Friday morning by
the attending physician Dr. H.
H. Postle and Mr. A. J. Ken-
nedy and J. D. Montgomery of
the Sanitarium.
Several weeks ago Mr. Craw-
mer was frightfully burned
when the safety buckle on his
belt broke and he fell on a live
wire. The current burned in
under the muscles and the case
has been a very tedious one.
Today eighteen pieces of skin
were removed from the legs of
his son, Walter Crawmer, who
is physical director at Quincy
Ill. Both patients stood the
operation very well. Tomorrow,
skin will be grafted from the
body of another son, William
Crawmer, to be placed on the
feet of Mr. Crawmer.

MILITARY LAW EXTENDED TO CAPE HAITIEN

NEW UPRISINGS FORCE ADMIRAL CAPERTON TO USE DRASTIC MEASURES

Battalion of Blue Jackets from Bat-
tleship Connecticut Landed to
Assist in Maintaining Order.

(Associated Press Telegram)
Washington, Aug. 13.—New upris-
ings by the Bobo and Zamor factions
have broken out at Cape Haitien and
have forced Rear Admiral Caperton
to establish military rule in the city.
This statement was issued at the
navy department.

"Admiral Caperton reports that on
account of disturbed conditions in
and around Cape Haitien, due to the
Bobo and Zamor factions, it has be-
come necessary to take military con-
trol of the town and conduct affairs
in the same manner as at Port au
Prince. Civil officials are employed
where it is possible and suitable men
can be obtained.

"Commander Olmstead, command-
ing officer of the Nashville has been
placed in charge and has a battalion
of blue jackets from the Connecticut
ashore to assist in maintaining order.

WOOL MARKET ACTIVE.

(Associated Press Telegram)
Boston, Aug. 13.—The Commer-
cial Bulletin will say tomorrow:

"There has been more business
done in the wool trade this week,
especially in domestic territory wools,
which have sold graded and in the
original sacks at full recent quot-
ations. Foreign wools also have been
in steady request at firm prices.

"The situation in the west is very
strong, but not materially changed,
most sections being well cleaned up.
Yorkshire cable advices show an eas-
ier market in Bradford for tops."

FLY CAST RECORD.

(Associated Press Telegram)
San Francisco, Aug. 13.—Fly and
bait casters today continued a
tournament being held under the
auspices of the National Association
of Scientific Angling clubs. In light
tackle fly casting for distance yester-
day, Harry Golcher of this city broke
the association record by two feet
with a cast of 116 feet.

INCREASE AT LIMA.

(Associated Press Telegram)
Lima, Peru, Aug. 13.—Eastern oils
were advanced 10 cents a barrel by
Standard oil purchasing agencies
here today, all fields participating ex-
cept Kentucky, Illinois and northern
Ohio. This brings Certificate or
Pennsylvania oil to \$1.45, the first
advance in 18 months.

WOMAN KILLED BY

STONE FROM BLAST.
(Associated Press Telegram)
East Liverpool, O., Aug. 13.—
Mrs. Rebecca Davidson, 45, was
struck in the side and almost in-
stantly killed by a fragment of stone
during a blast in a stone quarry at
Hammondville, near here, late yester-
day.

TEAMSTERS ON STRIKE.

St. Louis, Mo., Aug. 13.—A strike
of teamsters which began today when
300 men employed by two transfer
companies walked out, extended
shortly before noon to practically ev-
ery teaming firm in the city. Be-
tween 1200 and 1600 men are now
on strike.

OFF TO VERA CRUZ AGAIN TO TOUCH UP MR. CARRANZA

Admiral McLean

Battleship Louisiana

Captain Cooper of the Louisiana

Because Venustiano Carranza, leader of one faction of the fighting Mexicans, has ordered from his territory
Brazilian Minister Oliveira and Guatemalan Minister Ortega and brought about a condition of affairs which
alarmed Commander McNamee, senior American naval officer at Vera Cruz. President Wilson has despatched
there the big battleships Louisiana and New Hampshire in charge of Admiral McLean. Commander McNamee
called for help, because the Mexicans were making speeches on the streets of Vera Cruz damning everything
American and South American. Admiral McLean, being the senior officer, will relieve Commander McNamee as
soon as the Louisiana reaches Vera Cruz. It is possible that the battleship Connecticut, which sailed from
Philadelphia the other day with marines for Haiti, will be directed to join the demonstration at Vera Cruz.

Addison L. Rawlings Re-Arrested On 100 Charges of Forgery, The Total Amount Approximating \$40,000

Addison L. Rawlings, former piano
dealer, whose business was put into
the hands of receivers two months
ago, and who has been under bond
in the sum of \$6,000 for his appear-
ance before the grand jury in Sep-
tember to answer to charges of forg-
ing piano notes, was re-arrested
Thursday evening on warrants issued
by Magistrate Fletcher S. Scott
charging forgery in more than 100
separate cases.

The affidavits were filed by a re-
presentative of The Cincinnati Secu-
rities Co., a Cincinnati firm and each
of their charges forgery, it being al-
leged that 100 notes, copies of which
were contained in the affidavits,
were all forged. The amounts named
in the notes range from \$275 to
\$525, most of them being for \$350
and \$425. The amounts will aver-
age \$400 each and the affidavits
represent transactions amounting to
\$40,000 it is alleged.

Following Rawlings' arrest at his
home in West Church street, he was
taken before Magistrate Scott and
given an opportunity to arrange bond
in the sum of \$100,000 for his ap-
pearance Friday morning for a pre-
liminary hearing. Failing to fur-
nish bond in that amount, which was
\$1,000 on each affidavit, he was or-
dered committed to the county jail.
Rawlings objected to being locked
up and asked for his release on his
own recognizance for his appearance
this morning. His request was re-
fused, and he was lodged in jail.

Many of the names on the notes
begin with the letter "A" and it is
claimed that the capitals "A" begin-
ing each name, are almost identi-
cal in form. "Cover the remaining let-
ters in the name," said a man inter-
ested in the case this morning, "and
one would think that all the names
were the same."

Friday morning at 10 o'clock,
Rawlings was brought before Magis-
trate Scott and arraigned on the
charges named in the affidavits. He
entered a plea of not guilty and by
his attorneys W. D. Fulton and W.
M. Koons waived examination. A
conference regarding the bond fol-
lowed and Justice Scott finally re-
duced the amount to \$500 in each
case making the total bond \$50,000
which will be required of the defend-
ant. Pending Rawlings' arrange-
ment to furnish bond in this amount
he was again remanded to jail.

The affidavits filed yesterday even-
ing indicate that the notes were
dated in the years 1912-13 and 14.
They were turned over to the Cin-
cinnati Securities Company and dis-
counted by the company.

The six affidavits on which Rawlings
was arrested the first time a
month ago, were also filed by Cin-
cinnati men and the charges were
similar. One of these affidavits
charged that the dates of bona fide
notes had been altered and sold
again. In the first instance the af-
fidavits were filed by a representa-
tive of the Cincinnati Discount Co.
Yesterday's 100 affidavits were filed

THREE BRITISH, ONE NORWEGIAN STEAMERS SUNK

(Associated Press Telegram)
London, Aug. 13.—Announcement
was made today of the sinking of
the British steamers Osprey and
Summerfield and the Norwegian
steamer Aura. The chief engineer,
mate and the mate's wife of the
Summerfield were drowned. The
others on board the three vessels
were landed.

The Summerfield, of 687 tons
gross, was built in 1913 and owned
in Liverpool. There are five British
steamships named Osprey. Shipping
reports mention no Norwegian
steamer Aura.

The 3000 ton British steamer Jaco-
na, which was engaged in the
transatlantic trade, has been sunk.
Her captain and nine members of
the crew were rescued.
The Jacona sailed from Middles-
brough, Eng., on Aug. 11, for Que-
bec. She was owned by the Cairns
line of London. She was built in
1889, and was 318 feet long, and
2965 tons gross.

ment has refused to permit two ship-
loads of coal purchased by a Swedish

The incident has brought forth
much bitter comment from the
Swedish press and is absorbing the
attention of the public.

POLISH CITY CAPTURED.

captured by the Germans. An-
nouncement to this effect was made
today at army headquarters.

OPIUM SEIZED IN CHINATOWN; \$20,000 VALUE

(Associated Press Telegram)
San Francisco, Aug. 13.—Opium
valued at more than \$20,000, was
in the possession of the state board
of pharmacy today as the result of a
raid in San Francisco's Chinatown
late last night by officers of the
board. The seizure, which comprised
750 five-ounce tins, is said to be the
largest single seizure since importa-
tion of smoking opium was prohibi-
ted.

SIX DEAD IN AIRSHIP RAID; 23 INJURED

(Associated Press Telegram)
London, Aug. 13.—Official an-
nouncement was made today of an
airship raid last night on the east
coast of England. Six persons were
killed. One Zeppelin, the announce-
ment says, probably was damaged,
but escaped.

The official announcement says
that six were killed, 23 were injured
and 14 houses damaged seriously by
bombs.

The text of the announcement fol-
lows: "Two Zeppelins visited the east
coast last night between 9:30 p. m.
and 11:45 p. m., dropping incendiary
and explosive bombs in various
places, resulting in the following
casualties:

"Killed, 4 men, 2 women; injured,
3 men, 11 women, 9 children, all
civilians. Fourteen houses were
seriously damaged.

The Zeppelins were engaged at some
points but succeeded in getting
away from our aircraft patrols. One
of the Zeppelins was probably dam-
aged by the mobile anti-aircraft
section."

GEN. J. C. SPEAKS AGAIN SELECTED AS GAME WARDEN

(Associated Press Telegram)
Columbus, Aug. 13.—The state
board of agriculture today announ-
ced the re-election of General John C.
Speaks, Republican, as state fish and
game warden. The board was evi-
dently of the opinion that this is not
a position which by the Moore-
Barnes act is brought within the
range of civil service, though even
it was, this action might be taken
as a provisional appointment.

General Speaks was at Yellow
Springs in command of the state na-
tional guard encampment, when his
election was made. He has filled
the position to which he was today
re-elected through several adminis-
trations and even through changes
of parties. He was first chosen as
the successor of J. C. Porterfield
during the Herrick administration
and has served continuously through
that administration of those of Gov-
ernors Pattison, Harris, Harmon and
Cox.

PRINTERS' CONVENTION.

Discussion on proposed amend-
ments to increase pensions, which
resulted in considerable argument at
the session yesterday was expected
today.

GERMANS ADVISED

TO LEAVE BELGIUM.
(Associated Press Telegram)
London, Aug. 13.—The correspon-
dent at Amsterdam of the Central
News says the German authorities
in Belgium have advised all German
civilians to return immediately to
their country, presumably to avoid
hardships during the winter in Bel-
gium.

ELEVEN CENT STAMP
TO BE ISSUED FIRST
OF DENOMINATION.

(Associated Press Telegram)
Washington, Aug. 13.—An
eleven cent stamp, the first of
this denomination to be issued,
has been authorized by Post-
master General Burleson to
meet the parcel post demand.
It is to be distributed to post-
masters throughout the coun-
try.

The new stamp is dark
green, and bears the profile
head of Benjamin Franklin
from Houdon's bust.

The new stamp is designed to
meet the demand for one stamp
to cover insurance, and C. O.
D. charges on parcel post mat-
ter. In addition, all parcels for
local delivery weighing 12 or
13 pounds carry eleven cents
postage as do parcels weighing
seven pounds in the first and
second zones.

ALLIES CANCEL WHEAT ORDERS FROM CHICAGO

OPERATORS SAY NEW MARKET HAS BEEN FOUND, PROB- ABLY RUSSIA,

Or European Nations Have Found
Themselves Unable to Pay—
Do Not Credit Peace Talk.

(Associated Press Telegram)
Chicago, Aug. 13.—Cancellation yes-
terday by representatives of the allies
of contracts aggregating nearly
2,000,000 bushels of wheat, bought for
September shipment to Europe, was
puzzling to the grain trade early
today.

Not only were cancellations report-
ed by Chicago concerns, but some sea-
board exporters claimed to have
closed out open contracts. Canadian
exporters also reported some cancell-
ations.

James A. Patten, a former board
of trade operator, discussing the cancell-
ations, said:
"If peace were in sight, Europe
would still need wheat, and she would
have the credit to get it. The cancell-
ation of orders therefore, would
indicate one of two things. Either
Europe has found a source of new
supply, which means Russia, or
Europe finds that she cannot pay."

It was said that two of the largest
firms which cancelled contracts were
the Armour Grain company and the
J. Rosensbaum Grain company.
George C. Marcy, president of the
Armour company said:

"I am unable to understand what
has happened abroad. It must be
something important or they would
not have cancelled purchases that
show such profits and give them
away. Possibly it is that the Dan-
danelles are to be opened. But we
have no information. England wants
to hold her gold and by buying wheat
in Canada and Australia, she can use
her credit and keep her gold with
which to buy munitions. If Europe
does not buy wheat freely, it will
mean much to us and make a great
deal of difference in prices."

Emanuel F. Rosenbaum, of the J.
Rosenbaum Grain company, said:
"Our own cancellations were not
very heavy. It was about three days
ago that the buying stopped. The
European buyers started to beg out of
their purchases, accepting a loss from

Appeal to Mexican Factions Ready to Go Forward Today; Warships Proceed Southward

(Associated Press Telegram)
Washington, Aug. 13.—The inter-
American appeal to all factions in
Mexico agreed upon by the Pan-
American conference is expected to
go forward today. The text will not
be made public until it has been
communicated to all the heads of
the factions and governors of the
Mexican states. There has been some
difficulty in assembling the list of
Mexican officials to whom the appeal
is addressed, but this now is prac-
tically complete. Secretary Lansing
said today there would be no further
conference with the Latin-American
diplomats until replies have been
received.

No change in the Vera Cruz situ-
ation was recorded in navy depart-
ment dispatches. Secretary Daniels
said the battleships Louisiana and
New Hampshire still "were pro-
ceeding southward." Today the ships
are off the Florida coast. That they
will go directly to Mexican waters in
the vicinity of Vera Cruz, is general-
ly expected.

General Villa's proposal of a three
month's truce for a peace conference
convention has been unacted upon
by this government. Villa's offer,
it was suggested, would be valuable
in aiding further plans of the Pan-
American conference with regard to
Mexico after replies have been re-
ceived to appeal for peace.

Announcement was made here to-
day on behalf of General Villa by his

KOVNO STILL HOLDS OUT

German Attacks Toward
Riga Have Been Repulsed
and Important Railway
Station Remains In Rus-
sian Hands—Balkan Sit-
uation is Being Brought
to a Head.

(Associated Press Telegram)
London, Aug. 13.—The Russians
for the time being are holding in
check the Baltic flank of the Ger-
man armies which are struggling to
cut the Warsaw-Petrograd railway
and are battling toward the Dvina,
beyond which lie the roads to the
Russian capital. This has been ac-
complished with the aid of reinforce-
ments and by virtue of one counter
attack after another.

The fortress of Kovno still holds
out, German attacks toward Riga
have been repulsed and the railway
junction at Dwinsk remains in Rus-
sian hands. From Ostrolenka, north
of Warsaw, to Chelma, in the South,
the Teutons claim to have made fur-
ther progress, but between the Vi-
epz and the Bug, they apparently
have been thrown back with heavy
loss. It may be that Field Marshal
von Hindenburg has not exerted his
full power in the North, but is await-
ing events in the South before ham-
mering his hardest toward the Dvina
near the banks of which his cavalry
has been for some time.

The fact that the Germans are
able to advance with comparative
rapidity due East from Warsaw,
while being checked on the right and
left flanks, has given rise to the im-
pression in England and in Russia
that the stout resistance offered by
the Russians will insure the safe
withdrawal of the main body of
troops from the Warsaw salient.

Contrary to many reports the main
line of communication between the
Polish capital and Petrograd has not
been cut through. It would be cut
if the Germans were to take Dwinsk.

The approaching meetings of both
the Greek and Serbian parliaments
give promise of bringing the Balkan
situation to a head, though for the
moment Greece and Serbia remain
obdurate in their refusal to concede
territory.

RUSSIAN INCOME TAX.

shot last night on a towboat during
a quarrel.

Washington agents that all the civil
and military elements of his party

necessary for the success of a Mexi-
can peace conference.

The delay in forwarding the appeal
is due to the fact that officials want
it to have the widest publicity
throughout Mexico and to that end
are determined, if possible to see
that no one to whom it should be
sent is omitted from a list that is be-
ing prepared. Every effort is being
made to reach the leaders of every
movement in Mexico no matter how
small an armed force he represents.

the state department of his willing-
ness to enter into a peace conference

NATIONAL DEFENSE
DISCUSSION HAS
BEEN POSTPONED.

(Associated Press Telegram)
Washington, Aug. 13.—President
Wilson has postponed discussion of
the national defense question with
Secretaries Garrison and Daniels un-
til next week. Mr. Garrison is away
for the week-end. The president
will confer with Rear Admiral Ben-

W. B. SARGENT FOUND DEAD IN BATHTUB

William B. Sargent, more than 82 years old, known to hundreds of Newark people as "Col. Bush" Sargent, was found dead in the bath tub in his apartment in the Lansing block Thursday afternoon about 4 o'clock. David Wallace, who happened in the place, finding the body partly submerged in the water which had been drawn into the tub.

It is the opinion of Coroner W. L. Jackson, who was called promptly, that Sargent's death was accidental. It is presumed that he had drawn the water for a bath and that as he stooped to test the temperature, he was seized with a fainting spell and plunged into the tub. He was attired only in his underclothing when found. Mr. Sargent had been ill for several

W. B. SARGENT

weeks and it is believed that this illness was due to worry over his financial troubles, investments which he had made, having recently turned out badly, resulting in a loss of his money.

After the coroner viewed the body, he ordered its removal and undertaker James McGonagle took charge, calling the Bazler ambulance to convey the body to the McGonagle morgue.

"Bush" Sargent probably was as well known over the city as any man in Newark. He had made Newark his home for nearly a half century, coming here from Belleville, Richland county, where he was born more than 52 years ago.

Few people in Newark are acquainted with the early history of his life. While he numbered all his acquaintances as his friends, he did not make a confidant of everyone.

Early in his life he became a prospector and spent much of his time in the Western mountains prospecting for gold. He was not always unfortunate and on one of these trips he located pay dirt which gave him a neat stake. He promptly invested that money in Newark property, purchasing the house and lot now occupied by J. A. McGonagle. Here he established a home, where he and his wife, formerly Mary Christian, daughter of Thomas Christian, a pioneer resident of the city, lived until Mrs. Sargent's death about 1888.

From Mr. Christian, Sargent inherited considerable property, subject to certain conditions. It was money which he realized from this inheritance which he invested in what proved to be an unprofitable venture.

Always a lover of the great outdoors, Sargent early became a devotee of the fly and rod and few streams in this country with any reputation for harboring game fish escaped the swing of his casting rod.

He has the credit of having tutored most of the Newark fishermen in the art of casting the fly. He was particularly fond of trout fishing and made many trips to trout streams far and near. He has to his credit the capture of many fine specimens of trout of all species.

The deceased was a member of Newark Lodge No. 321, B. P. O. E. and was active in the work of that order.

He is survived by two sisters, one living in Mansfield and another in Belleville.

The funeral will be held Sunday afternoon at 2:30 o'clock in the McGonagle parlors. Members of the Elk lodge are requested to meet at the lodge rooms at 2 o'clock to attend the services.

eight to ten cents a bushel, I should say.

The reports, which J. Pierpont Morgan was quoted as denying, that the allies were cancelling orders for wheat, were reflected on the board of trade at the opening today, prices being 1-7/8 to 3-5/8 under yesterday's close. September wheat, the option most affected, closed yesterday at \$1.11 1/8. It sold in different parts of the pit at the opening today at \$1.10 to \$1.07 1/2. Immediately thereafter there was a sale at \$1.08. December contracts showed a maximum opening decline of 3 1/4 cents at \$1.06. Traders were generally skeptical as to the importance of the cancellation, but the tone of the market was nervous.

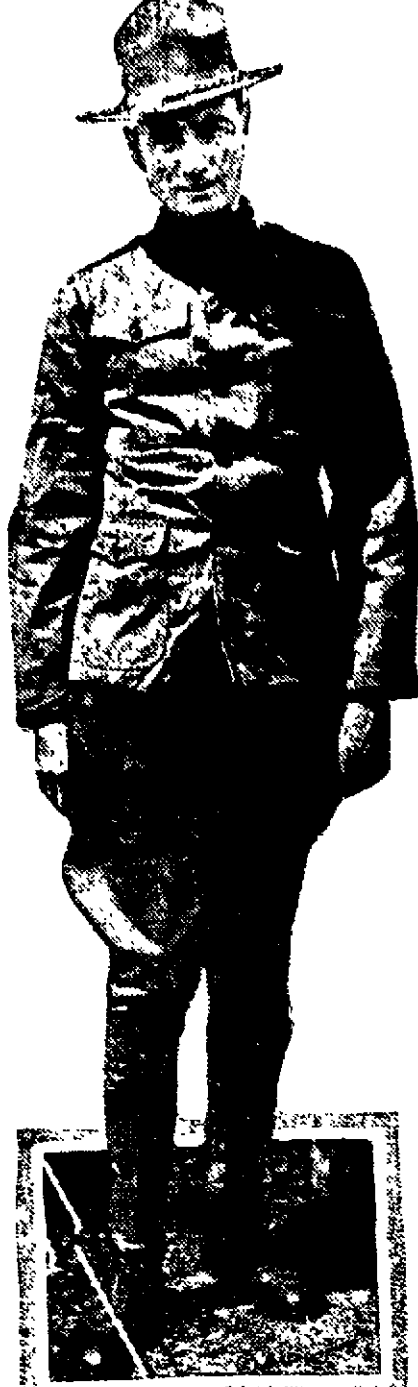

MORGAN DENIAL

Of Cancellation of Allies' Order Comes From Firm's Offices.

(Associated Press Telegram) New York, Aug. 13.—Nobody in authority at the offices of J. P. Morgan & Co. it was said today, knew anything about the cancellation of orders for 2,000,000 bushels of wheat by representatives of the allies.

All the Morgan orders for wheat and other supplies for the allies have been under the supervision of E. R. Stettin, president of the Diamond Match company who is in charge of

But being out of practice he soon got up such an appetite that he was very glad when the job was done.

the export department of the Morgan firm. Through his secretary Mr. Stettin repeated today a previous statement in which he asserted that J. P. Morgan & Co. had not cancelled any orders and that the suggestion that they had done so was ridiculous.

When the statements of Messrs. Marcy and Rosenbaum, telling of the cancellations, were brought to the secretary's attention with the suggestion that Mr. Stettin might care to comment on them, the secretary brought back word that these were matters with which the Morgan firm was not concerned.

GOVERNOR WILLIS NAMES DELEGATES PRISON CONGRESS

(Associated Press Telegram)

Columbus, Aug. 13.—Governor Willis today appointed the following delegates to the American Prison Congress to be held in Oakland, Cal., Oct. 9-14, 1915: Dr. James A. eral Carranza's flat refusal to permit negotiations between his Washington representatives and those of Villa.

Official optimism was apparent today, despite Carranza's attitude.

Villa's proposal was contained in a telegram from Diaz Lombardo, his secretary of state, to his agency here.

"If the peace conferences between the factions in Mexico reach a successful end," Lombardo's message said, "not only General Villa, but all the civil and military elements affiliated with the convention party, would be disposed to eliminate themselves if necessary, with the single condition that the men who are placed in charge of the new situation shall solemnly agree to restore constitutional order, and that they agree not to be drawn from the decadent and odious Cientifico or reactionary party."

Lombardo also said he firmly believed in the good will of President Wilson toward Mexico and that the American government would not attempt intervention.

NEXT ASSEMBLY PROBABLY HELD AT SUMMERLAND

(Special to The Advocate)

Summerland Beach, Buckeye Lake Aug. 13.—Wednesday lectures found the students just as enthusiastic as on the preceding days. Mr. Magnus Burgess is giving a very interesting course of lectures on the work of the Young People's Societies. Mrs. String keeps the enthusiasm of all who are taking the lectures on Elementary Sunday-school work and Mr. Seldon L. Roberts is giving a very instructive course of lectures on Advanced Sunday-school work.

In the afternoon the children who have been spending the Children's Hour with Mrs. String, gave an interesting entertainment. They gave a very good idea of Indian customs, habits and mode of life. The children were all in costume. Mrs. Shepardson also gave an interesting lecture to women.

In the evening Mrs. Marion Ballou Fisk gave her interesting lecture "Kwee Karacters I Have Met." Mrs. Fisk is a cartoonist of rare ability. Her drawings of scenes in Vermont and the mountains of the West were realistic and beautiful, showing the beautiful colors of brilliant sunsets. Her lecture had to be shortened somewhat on account of the very severe rain storm. There was a large audience and all regretted the fact that it was not possible for her to show more of her splendid drawings. Mrs. Fisk is a very pleasing speaker and works while she talks, completing her beautiful drawings in a few minutes and the time seems even less than it is in reality because of her pleasing explanations of the places and circumstances which prompt her drawings.

The prizes awarded for the Boat Carnival were, first prize, Ann Hasselstine, Camp Girls; second prize, Mrs. Brunsback; third prize, Denison University; fourth prize, Ruth Wadsworth and Thurza Thompson. The question of selecting a place for holding the next assembly will come up next Saturday and it is altogether probable that it will be Summerland Beach.

NO BATTLE.

with Acting Secretary Breckenridge, of the war department and are directions that sufficient troops be held ready for any emergency.

Governor Ferguson's telegram asking for more troops is being held at the war department, awaiting any further word from Major General Funston. Secretary Breckenridge reported that there were no new disorders today. Any further troop movements will be left entirely to General Funston.

A detailed statement of the distribution of the troops has been laid before the president and officials take the view that the army can be used further only if the governor of Texas were to certify in a constitutional manner that he cannot control the situation with the state authorities and ask for federal aid.

Major General Scott, chief of staff of the army, has been ordered to remain at El Paso to be ready for any mission that the state department may have on the border. General Scott is reporting directly to Secretary Lansing.

While General Scott is acting as an agent of the state department in connection with negotiations between the Mexican factions, he also is watching the border situation and is in communication with Major General Funston. War department officials say they have no knowledge of the work the state department is asking of the chief of staff.

The Mission, Texas, chamber of commerce today wired the National Rifle Association here, asking for rifles and ammunition immediately. "In view of the reign of terror in this section and the urgent need of arms and ammunition for protection." The National Rifle Association distributes condemned army rifles to rifle practice clubs.

Lieutenant Albert S. Jones, secretary of the association said the Mission people would have to form a club before the guns could be issued. That would take three or four months. Lieutenant Jones says many rifle clubs have been formed in New Mexico and Arizona during the last two months and that many have been supplied with rifles.

Secretary Breckenridge said after his conference with the president that General Funston had asked for no more troops and that none would be sent without his request.

General Funston has been authorized to show Governor Ferguson his message from Secretary Garrison, saying he can have as many troops as he thinks necessary.

The Carranza agency's dispatches today contained a categorical denial from General Nafarette that any of his troops had crossed into Texas. Other advices expressed the opinion that the Mexican troublemakers were neither Carranza nor Villa troops.

OHIO TROOPS

Will Probably Not be Needed for Mexican Duty.

(Associated Press Telegram)

Columbus, Aug. 13.—No intimation has been received at the office of Adjutant General B. W. Hough that Ohio troops may be needed in connection with the Mexican situation. General Hough himself is at camp maneuvers at Yellow Springs, where four of the eight regiments of the Ohio National Guard are gathered.

Some of the guard officers in Columbus said today they had heard that General Hough had been in communication with Washington but they had no knowledge as to whether

this was true, or as to the nature of these communications.

The officers here could not affirm reports that the four regiments at Yellow Springs may be held there pending further developments in the Mexican situation. The presence of the regiments there would mean that half of the guard would be already mobilized in the event of hostilities. Most of the informed officers in Columbus say they believe, however, only regular Federal troops would be used at first, even should troops be needed.

MERRICK HELD UNDER BOND OF \$300 BY MAYOR

William Merrick, arrested on a charge of assault and battery, the charge being preferred by J. M. Keckley, father of Russell Keckley, street car conductor who was assaulted by Merrick Wednesday evening, pleaded not guilty to the charge when arraigned in police court, Friday morning. He waived examination and was bound over to common pleas court. Mayor Bigbee fixed the bond at \$300.

Ohio's Governor Endorses State Sunday School Sustaining Fund

State of Ohio
Executive Department
Columbus.

July
Second
Nineteen - Fifteen.

Dear Mr. Frankenberg:—

I am in receipt of your letter touching the project of the Ohio Sunday School Association to raise a \$100,000.00 sustaining fund for the maintenance of the Sunday School work of the state. I am bound to say that the project appeals to me because an endowment is a sensible business way in which to provide for philanthropic work in order that such work may be continuous, and effective in its operations.

The fund contributed by Ohio's sons and daughters in this movement will aid years hence in the worthy task of evangelization. The Sunday school, the church and the public school are the mighty constructive forces of the world today. The project for a permanent endowment for the Sunday School Association seems to me commendable in every way and is a most worthy movement.

Let us remember there is a patriotism for the welfare of our fellowmen.

Yours very truly,

Herewith is shown a facsimile reproduction of a letter written by Governor Willis to a Columbus newspaper man who asked the chief executive what he thought of the idea of the Sunday schools of the state raising \$100,000 to put their work on a permanent basis.

PROGRAM OF GREAT OHIO STATE FAIR

The following is the order of exhibition of exhibits both in the competitive and non-competitive departments at the State Fair, which will be a valuable guide for both exhibitors and visitors at the fair. Naturally exhibitors for premiums wish to have their offerings in the best possible condition at the time of the showing, and that is the best time for viewing them.

Because of the great number of exhibits in the premium classes to be judged, it is necessary for the judges to begin their work promptly with the opening of the fair, and to work by schedule through to the end. The following shows the entire program of the examinations and the speed tests:

First Department—Horses.
Monday, Aug. 30—Ponies and Pony Turnouts, other than Shetland; American Draft, Trotting and Pacing Races.
Tuesday, Aug. 31—Belgian, Grade Draft, Trotting and Pacing Races.
Wednesday, Sept. 1—Roadsters, Saddle, Trotting and Pacing Races.
Thursday, Sept. 2—Percherons, Heavy Harness Classes, Trotting and Pacing Races.

Second Department—Cattle.
Tuesday, Aug. 31—Red Polls, Aberdeen, Angus and Guernseys.
Wednesday, Sept. 1—Holsteins, Ayrshires and Shorthorns.
Thursday, Sept. 2—Jerseys, Herefords and Brown Swiss.
Friday, Sept. 3—Folled Durhams.

Third Department—Swine.
Tuesday, Aug. 31—Berkshires, Chester Whites and Tamworths.
Wednesday, Sept. 1—Poland Chinas, Duroc Jerseys and Spotted Poland Chinas.
Thursday, Sept. 2—Yorkshires, Hampshires, Mule Fots.

Fourth Department—Sheep.
Monday, Aug. 30—Merinos, Class A, French Merinos, Class B, Oxford Downs, Hampshire Downs.
Tuesday, Aug. 31—Merinos, Classes B and C, Shropshires, Ohio Red Shropshires, South Downs.
Wednesday, Sept. 1—Goswolds, Lincoln, Cheviots, French Merinos, Class C.
Thursday, Sept. 2—Dorsets, Tunis, Fat Sheep.

Fifth Department—Poultry.
Examinations for premium awards will begin Monday, Aug. 30.
Sixth Department—Farm Products.
Examinations for premium awards will begin Tuesday, Aug. 31.

Seventh Department—Horticultural Products.
Examinations for premium awards will begin Tuesday, Aug. 31.

Eighth Department—Machinery and Agriculture Implements.
Continuous exhibitions. No premium competition.

Ninth Department—Mechanics and Manufacturers' Products.
Continuous exhibitions. No premium competition.

Tenth Department—Merchandise, Mustic, Etc.
Continuous exhibitions. No premium competition.

Eleventh Department—Women's Work.
Examinations for premium awards will begin Monday, Aug. 30.

Twelfth Department—Fine Arts.
Examinations for premium awards will begin Tuesday, Aug. 31.

Live Stock Was Cheap in 1914.
The high cost of living lends an interest to a volume issued by the London Pipe Roll society. From the introduction one gathers an idea of prices in 1914. Certain land was to be stocked and a price for each class of stock was fixed. Oxen figure at four shillings, cows a shilling less. Farm horses were also four shillings a head, pigs were a shilling, and sheep stood at sixpence. Incidentally, the book proves the antiquity of the familiar fine in London of 40 shillings, for it records its imposition as long ago as 1185 on one who had overthrown a pillory.

Peter's Version.
On the last day of school prizes were distributed at Peter's school. When the little boy returned home the mother was entertaining callers.
"Well, Peter," asked one of the callers, "did you get a prize?"
"No," replied Peter, "but I got horrible mention."—New York Times.

Bluff.
"Bah!" sneered the blustery man. "Bluff is the thing. A man can bluff his way through life."
"But," said the conservative, "if you couldn't swim and fell in you couldn't bluff the river for a second."—Livingston Lane.

And No Wonder.
"What made that stout woman so furious?"
"Just as she was getting on the subway train the gateman said 'Both gates, lady.'"—Philadelphia Ledger.

Our Neighbor.
What is meant by our neighbor we cannot doubt. It is every one with whom we are brought into contact, whosoever it be, whom we have any means of helping.—Dean Stanley.

Senseless Zeal.
Zeal without sense usually goes plumb to waste. A dog digging for an imaginary cat in a flower bed has plenty of zeal.—Pittsburgh Post.

Never mind ridicule, never mind defeat, there is victory yet for justice.—Emerson.

An Ideal Combination.
"What is your idea of happy combination?" asked the doctor.
"A millionaire menu with a deck-hand appetite," answered the gouty patient.—Indianapolis Star.

Doesn't Play.
"If you'd assume a more genial manner you would get along better in business."
"Huh! I tried it once, and everybody I met wanted to borrow money."—Boston Transcript.

RUMORED DEAL FOR REDS; STORY BRANDED AS FALSE

(Associated Press Telegram)
Chicago, Aug. 13.—The Cincinnati club of the National league will be sold to Warren N. Carter, a wealthy resident of Pasadena, Cal., at a conference to be held here today, according to the Chicago Herald. The paper understands that Charles Bultman has been given authority by the owners of the club to negotiate the deal. Neither Carter nor Bultman could be located early today.

DENIES THE STORY.
(Associated Press Telegram)
Cincinnati, Ohio, Aug. 13.—August Hermann, president of the Cincinnati Nationals, when told of a proposed conference in Chicago today at which the Cincinnati baseball club was to be negotiated for, said:
"There is nothing to any kind of a story which says the Reds are likely to be sold. This is not the first time this rumor has spread."

4000 ATTENDED K. OF C. OUTING BUCKEYE LAKE

One of the most successful of the annual outings of the Knights of Columbus was held at Buckeye Lake park on Thursday. It is estimated that about 4,000 people were in attendance, councils from Columbus, Newark, Lancaster, Zanesville, Athens, New Lexington, Mt. Vernon and London taking part.

The Grand Council of Columbus with Grand Master M. J. Ryan in charge had the directing of the outing and a most enjoyable time was had. A number of contests were on the program and during the afternoon the Harris pavilion was given exclusively to the knights and during the evening they had the Glass pavilion.

The outing had the largest attendance of any of the former outings.

"Y" LOSES AND WINS IN GAMES AT WHITE FIELD

The Y. M. C. A. baseball team lost and won a game yesterday afternoon at White Athletic Field. The Grocers evened up the series by defeating the "Y" team 7 to 3. Layman pitched well and received some excellent support from his team-mates. The deciding game of the series between these two teams will be played in the near future.

In the second game the Y. M. C. A. defeated a picked team 8 to 2 through some good hitting and by taking advantage of errors by the opposing team. Crawford starred at bat, securing a home run and a two bagger.

South End Cubs Notice

The following members of the South End Cubs are requested to be at the Jefferson street diamond Sunday morning at 9 o'clock: Taylor, Harrison, Toothman, W. Hummel, Devine, Taylor, Anderson, F. Hummel, Nadolson, Donaldson, Redman and Yost.

"DOC" ABBOTT HERE.
"Doc" Abbott, former Newark ball player, now a city fireman at Coshocton, is spending a few days of his two weeks' vacation in Newark. While visiting in Portsmouth he "fanned" with "Peggie" Moore, "Scottie" Winters and other old time Newark ball players.

CARPENTER AND MOORE TO PITCH SUNDAY'S GAME

With Carpenter pitching for the Halsey club and Pete Moore for the C. A. C., prospects for a battle royal at Wehrle park Sunday afternoon, are good. The two teams are contending for the city amateur championship. The batting order of the two clubs will be practically the same as last Sunday.

WRECK'S INJURED ARE RECOVERING; DEATH LIST SIX

CRIMINAL PROSECUTIONS OF THOSE RESPONSIBLE MAY BE RESULT

Of Report of U. S. District Attorney to the Interstate Commerce Commission at Washington.

(Associated Press Telegram)
Columbus, Aug. 13.—No additional fatalities were recorded today in connection with the wreck yesterday of Baltimore and Ohio Southwestern excursion train and a freight train, near Orient. The number of dead remained at six and reports from hospitals this morning indicated that all of the more than a score of injured passengers have good chances of recovery.

United States District Attorney Stuart R. Bolin, announced today that he had made an official report to the interstate commerce commission at Washington, following which representatives of that body will hold an investigation. Mr. Bolin said criminal prosecutions will be instituted against those responsible for the wreck if the result of the investigation warrants such action.

Inspectors from the state utilities commission continued their work of investigation today on behalf of the state authorities. G. D. Brooks, railway superintendent of the Chillicothe division, in which district the disaster occurred, was busy today making preparations for the examination of railway employees present at the wreck.

The 12 victims of the wreck at Grant hospital today were reported to have passed a fairly comfortable night. George Grossglass, Frank Miller and Miss Cleo Sollars were reported still in a critical condition. The others are said to be out of danger.

Of the victims not brought to Columbus, Mrs. Thornton Neff, whose husband was killed, is said to be in the most serious condition.

YOUNGSTOWN IS SHUT OUT BY CINCINNATI REDS

Youngstown, Aug. 13.—Benton held the local Central Leaguers to one hit, while the visiting Cincinnati Nationals were gathering 11 off Duffy, and the visitors took yesterday's game by a 5 to 0 score. Each team made one error but the locals never had a chance to score.

Five Newark Men Bat 300 Or Better In Capital City Lg.

The following batting averages of Newark players in the Capital City league are published in Friday's Ohio State Journal:

Minchhart, 500; Ratchen, 450; Boole, 389; Allen, 375; Mauger, 333; Cashdollar, 283; Winters, 274; Simpson, 250; Wratten, 250; Gephart, 222; McCarty, 200; Carr, 180; Carpenter, 150; Nichols, 143; Smith, 129; Nutter, 111. The Newark club stands fourth in club batting with an average of 294. Mendels lead with 297; Wilke second with .271 and Lancaster third with .270; Hamilton of the Wilkie team is the real leader in batting, having played in 16 games with an average of .433.

Amherst Club to Play Jones Company Sunday Morning

The Amherst A. C. will play the Jones Hardware Co. team at Halsey ball park Sunday morning at 10 o'clock sharp.

The following players are requested to report not later than 9 o'clock: Incho, Daugherty, Smith, Balzer, Nutter, Stevens, Young, McAfee, McClauskey, Altmeyer, Maloney, Williams, Karson.

DECATUR TEAM GIVES UP GHOST; PLAYERS SEEK PAY

Decatur, Aug. 13.—With the abandonment of the Decatur Three I team yesterday, due to inability of the management to weather an unsuccessful season, Pitchers McCabe and Kirmayer and Catcher O'Brien were ordered to report to the St. Louis Americans, the three men having been sold.

All of the other players have been offered berths on other Three I or Central League teams. The players have eight days' pay due them and members of the team yesterday wired Secretary Farrell of the National Association to learn if they could hold the league or the former owners of the team for their salaries.

The Comradeship of "Bull" Durham

There is something about ripe, mellow "Bull" Durham Tobacco that appeals to clean-cut manhood the world over.

Wherever in the world two "Bull" Durham smokers meet—in a hotel lobby or club in Europe or America; at cross-trails in the Klondike; in some far-off seaport on the Pacific—each recognizes in the other a man to his own liking, a comrade in the world-wide brotherhood of "the Makings." A sack of "Bull" Durham is a letter of introduction that will win friends in every part of the globe.

GENUINE "BULL" DURHAM SMOKING TOBACCO

Millions of experienced smokers find the cigarettes they roll for themselves from pure, ripe "Bull" Durham tobacco better suited to their taste and more satisfactory than any they buy ready-made. The rich, fresh fragrance and smooth, mellow flavor of "Bull" Durham hand-made cigarettes afford healthful enjoyment and lasting satisfaction. Get "the Makings" today and "roll your own."

FREE An Illustrated Booklet, showing correct way to "Roll Your Own" Cigarettes, and a Package of cigarette papers, will both be mailed, free, to any address in United States on postal request. Address "Bull" Durham, Durham, N. C.

plied that no impairment of Mexican sovereignty is contemplated, and that all factors involving that, and especially armed intervention, have been eliminated. On the other hand it is reported, though nothing has been officially given out yet, that if the appeal to the people and an embargo on Mexican commerce, with special reference to arms and ammunition, fail, armed intervention as a last resort by the United States, but with the sanction of South American Governments, may be resorted to.

This is the extent of present information. The Mexican people will be urged to get together to set up a national government by the Governments of the United States and other American countries. Nothing that Carranza has said or done encourages the hope that he will yield to anything but force. Can the force be applied with any prospect of success?

We have been told often enough by the various military leaders in Mexico that intervention by the United States would bring all their factions together and that they would fight to the last man against the foreign intruder. But this is the usual method of military speech. A writer in The Unpopular Review, who has lived in Mexico, is of the opinion that if the United States made it clear that no conquest was intended and that it was acting as it did in Cuba, the people would welcome our troops.

Of course, this is only an opinion, but it is based on some knowledge of the Mexican people, and it is not inherently unreasonable. Mexico knows that we intervened in Cuba only in its own interest and made no conquest. When the first Government went to pieces and there was danger of a civil war we intervened again, but withdrew our troops as soon as there was a Cuban Government that could maintain itself. There must be millions of the Mexican people who are eager for peace, and if Villa and Zapata were friendly to us might not the forces of Carranza disintegrate under such circumstances?

In such factional fighting as there is in Mexico the various bands and their commanders are loosely held together. Villa's army was a part of Carranza's until the common end they fought for was attained. Some of the commanders in both factions are reported to have dropped out, or changed sides. With our own record in Cuba, with the support of some of the fighting factions, and with the sanction of South American Governments, is it not possible that Mexico would welcome American intervention?

It is impossible to speak confidently, but this does not appear wholly out of the question and it seems to be the only alternative to a continuance of internecine warfare.

Mr. Schwab's Salary.

(Wall Street Journal.)
The report in a Western paper that Charles M. Schwab received a million dollars salary as head of the United States Steel Corporation needs correction.

Mr. Schwab did receive the largest salary ever paid outside the domain of European Kings and Emperors, but it was not paid by the United States Steel Corporation.

On the contrary, Mr. Schwab's contract with Mr. Carnegie called for so large a sum as to be a stumbling block in the organization of the United States Steel Corporation. Mr. Schwab thereupon promptly cancelled it and headed the United States Steel Corporation at a far less salary, and just as Mr. Morgan wished. A few days later Mr. Morgan explained to Mr. Carnegie how nicely Mr. Schwab had acted. Mr. Carnegie was astonished. He would never consent that Mr. Schwab should not have the full amount Mr. Carnegie had by contract guaranteed him.

The next day Mr. Schwab was equally astonished to receive from Mr. Carnegie a check for several millions in settlement for his full guaranteed salary during the life of his contract.

That contract called for an annual payment in salary and profit-sharing guaranteed to be not less than \$1,000,000 per annum.

Spirit of the Press

Displeased Both Sides.

Peace is splendid, war is hell; but, unfortunately, neither a nation nor an individual can always choose between them—that is, no self-respecting man or nation. Even being weak and craven and servile will not always ward off attack. This country wants no war. It will earnestly strive to avoid it, but it may not be able to do so. It always takes two to keep the peace. We have already been near to the edge of the precipice and no man knows what a day may bring forth. In trying to be neutral we have displeased both sides. —Baltimore Sun.

By Way of Illustration.

Let us suppose by way of illustration, that Canada is an independent state and becomes involved in a war with Great Britain. The latter government applies her new doctrine and declares a blockade of the ports of the United States, as well as of the ports of Canada in order to cut off all communication of the enemy with the outside world by means of the sea. In the operation of this blockade it would over-haul all ships coming into the United States and retain them subject to the decision of its prize courts, and all ships going out would be subject to its supervision and permission. How long would the United States permit such a monstrous assumption of authority? Yet that is what Britain assumes the right to do, and is now doing, to the ports of the neutral nations of Western Europe. —St. Louis Globe Democrat.

The Eastland Indictments.

Indictments of four officials of the steamship company owning the ill-fated boat, by a state grand jury at Chicago, is calculated to meet the public demand that those who were responsible for the disaster of July 24 shall be punished for their crimes. The charges are manslaughter and criminal carelessness. The penalty in event of conviction can be made sufficiently severe to serve as a salutary warning. —Pittsburg Gazette-Times.

Bankruptcy May Bring Peace.

Great Britain alone is paying out \$15,000,000 per day as her share of war expenditure. It is estimated that if the fighting shall continue until April 1, 1916, war expenses alone will amount to \$6,466,000,000. On the assumption that the British Colonies and the allies shall pay all charges on loans made to them from the British Treasury and that increased taxation shall be equal to estimated return there will be a deficit of over \$70,000,000, without any provision for the repayment of new debt. With this condition facing the richest of the nations at war what must be the prospect ahead for the other belligerents? In despite of the most resolute and searching economies, both on the part of rich and poor, there will be inevitable national bankruptcies. Money shortage and food shortage will bring an enforced peace. But the aftermath of peace brought about by destitution

Charles Bull and Miss Maude S. Veal were married at Binghamton, N. Y., which is nobody's business. Mr. Bull, who is not in the meat business, told Rev. H. S. Sweetland that he and his bride had traveled from Scranton to avoid any action by the Veal family, who opposed the match because of the bridegroom's name.

Mr. Bull explained that he and his bride had put up with this opposition like lambs until they decided to chop out for themselves and stake all their affection for each other. He said they hooped it down to the station, hopped into a chair car and completed arrangements for the marriage while on their way here.

"Mr. and Mrs. Veal will never get over beeing about this affair," said Mr. Bull, "but we can stand their roasting, as we have in the past. We're here and they're there, so what do we care? They cannot cow us." —Denver Post.

EXERCISE.

A good long walk each day is wise, but as old age approaches, we hate the thought of exercise, and ride in cars and coaches. And it is when we're waxing old that exercise is needed; if we dispel the fat and mold, our trillions must be speeded. We ought to walk to work and back, and shun the elevator, do the chores around the shack, and hoe the beet and 'tater. Instead of riding in a car, on seats of padded leather, 'twere better if we walked afar, in every kind of weather. We ought to sweat beneath the sun, absorb the heat it launches, and then perhaps we wouldn't run to double chins and paunches. We let all rules of health go hang, and when in bad condition, we do not walk a parasang, but send for a physician. Instead of climbing sunlit hills, inhaling wholesome breezes, we take a pint of purple pills and grunt of our diseases. We dodge all forms of exercise, which course is truly batty; and when we die the doctor cries, "Degeneration fatty!"

WARD-CARTER.
The wedding of Miss Mabel S. Carter, daughter of Mr. Arthur B. Carter of Philo, and Mr. John S. Ward, son of the late Dr. O. W. Ward of Duncan Falls, took place at the Duncan Falls Baptist church on Wednesday evening. The bride is a teacher and an accomplished musician, and the bridegroom was graduated in June from Denison University and has been engaged as instructor in the University of Iowa City, where he will take up his duties in the early autumn.

Miss Fay Emery entertained with a (dinner) party Wednesday afternoon at her home in Fulton avenue, honoring Miss Helen Bay of Cumberland, O., and Miss Eva Warner of Andover, O. The affair was in the nature of a reunion of former Ohio University students. After an afternoon spent in needlework, dainty refreshments were served the following: Misses Helen Bay, Eva Warner, Frances Stevens, Elizabeth Robinson, Esther Kissane, Sarah Walker, Helen Bush, Catherine Emery, Mrs. H. R. Emery, Mrs. W. A. Fell and children, Ruth Ellen and Robert, and Mrs. Horace E. Cromer and daughter Alice of New Vienna, O.

Miss Molly Rothstein will honor her guest, Miss Clara Huffman at her home in West Main street this evening with a lawn party and watermelon feast. Other events will be given during Miss Huffman's stay in the city.

A very pleasant surprise was given on Miss Goldie Suley at her home in Wilson street Thursday evening. An enjoyable time was had with music and games. Light refreshments were served to the following: Misses Nina Smith, Ruth and Agnes Schaller, Freda Caw, Violet Stoeller, Clara Maestling, Martha Friel, Irene Winters, Ethel Tollett, Goldie Suley and Catherine Reynolds of Zanesville, O.; Messrs. John Gardner, Harvey Smith, Leo Schaller, Sylvester Winters, Russell and Roger Stimson, Otto Rinebold, Paul R. Holler Arthur Staugh, James Markle, Harold Petrey and William Woods.

Miss Molly Rothstein of West Main street, honored her guest, Miss Clara Huffman of Cincinnati by entertaining with a picnic on Thursday afternoon, followed by a marshmallow toast in the evening at the "log cabin" at Staddon's bridge. Games and taking of pictures formed the afternoon's amusements and a delicious picnic supper was served and thoroughly enjoyed by the following party: Misses Clara Hoffman, Laura Shultz, Hazel Green, Mary Regel, Frances Brown, Fay Shira, Helen Floyd, Thelma Frankenherry, Mamie Rothstein, Molly Rothstein and Isadore Rothstein. The party was chaperoned by Mrs. Highlander and Mr. Rothstein.

On Thursday afternoon Miss Nettie Priest entertained at her home in Ballard avenue with a linen shower in honor of Mrs. Samuel Johnson, formerly Louise Myers.

Those present were Mrs. Samuel Johnson, Misses Mable Kellenberger, Mayme Ruff, Thora Slaughter, Mary Sullivan, Mary Prior, Esther Robison, Mabel Cummons, Della Tucker, Margaret Fleming, Bonnie Kellenberger, Ignora Nagles, Bernice Harter, Jessie Poling, Mary Harold, Anna Hat-on, May Nagle of Terre Haute, Ind., and the hostess.

On Tuesday evening Miss Anna Hutson very pleasantly entertained a few of her friends at her home in Rosebud avenue. The evening was spent in playing games and music. Many beautiful and useful presents were received, and at ten o'clock a dainty luncheon was served to the following: Misses Nettie Priest, Mary Driscoll, Helen McBride, Mabel Cummons, Ethel Daugherty, May Donahue, Pearl Speaks, Minnie Wiley, Minnie Harrington, and Almada Sears of Woodsfield, O.; Messrs. Lawrence Williams, Karl Brown, George Robson, James Hartman, Jess Stenpeton, Charles Daugherty, Robert Stenpeton, Halley Hannas, Dewey Ascher, Cyril McKay, Ora Stevens, Harold Rouse, Ralph Gephart, and Cary Speaks.

The members of the Young-Kinney families enjoyed a family reunion at the W. D. Kinney home near Granville on Wednesday. The day was pleasantly spent and dinner was served.

Mrs. Ella G. Connell entertained a party of nine guests at dinner at the Warden Hotel Wednesday evening.

BROWN-WEAKEY.
Miss Anna Weakley of Eden township and Mr. Willis C. Brown, employed by a rubber company in Akron, O., were united in marriage on Thursday afternoon at the home of Rev. H. L. Greenwalt in 618 Evans street.

Mr. Vernon Wise was pleasantly surprised by a number of his friends at his home in Ninth street last Friday evening, the occasion being his birthday anniversary. Music and games afforded the pleasure of the evening after which dainty refreshments were served.

The guests were: Mr. and Mrs. M. Wolf, Mr. and Mrs. Clarence Wilcox, Mr. and Mrs. Carl Jones, Mr. and Mrs. L. A. Gault, Mrs. Fred Ryan, Mr. and Mrs. McDonald, Misses Maud Wise, Alice Yates, Margaret Rohrbaugh, Margaret Ryan, and Miss Wright. Messrs. Clarence Bower, Edward Wil-

cox, Wilber Gault, Harry Bailey and Mr. and Mrs. C. V. Wise and children.

Among the various gatherings at Buckeye Lake yesterday none had a more enjoyable time than the ladies of the Sunshine club of this city, who had invited their husbands and a few other guests. The numerous attractions at the lake occupied the time until supper was announced, and to which all did ample justice. Dancing was enjoyed in the evening.

The following were present: Mr. and Mrs. Lee Bratton and daughter, Mr. and Mrs. J. S. Loughman and son, Mr. and Mrs. Walter Freese, Mr. and Mrs. Dick Curry, Mr. and Mrs. S. R. Smith, Mr. and Mrs. Clyde Garrison, and sons, Mr. and Mrs. Paul H. Ziegfeld, Mrs. Morgan Devore and daughter, Mrs. John Burrell and daughters, and the guests, the Misses Curry and Jewell, and Mrs. Katherine Manley.

The Woman's Foreign Missionary society of the First M. E. church met at the home of Mrs. J. D. Gosnell, 583 North Fourth street, Tuesday afternoon. The following program was enjoyed:

Devotional—Mrs. Agnew.
Business.
Jubilee Song.
At this time the young ladies society took charge.
Glimpses of a Missionary Life—Mrs. Cosway.
Reading—Mildred Rhoads.
Reading, A Missionary Doctor—Mrs. Wolle.
Song, "What a Friend We Have in Jesus."
After this the society held a picnic on the lawn, which was greatly enjoyed by about forty members and guests.

NO LONGER ANY EXCUSE FOR HAVING GRAY HAIR

Lustrous, Dark Shade Restored by Old-Fashioned Sulpho-Sage.

Gray-haired folks who have a natural prejudice against having their hair should know that by the good old method used in grandmother's time—with Sage Tea and Sulphur. If you do not care to make the mistake yourself, simply get a bottle of Sulpho-Sage from your druggist. This widely sold preparation embodies all of the virtues of the old-fashioned treatment plus other valuable ingredients. It is so efficacious that a few applications will bring back the rich dark shade to gray, streaked or faded hair. It removes dandruff, and leaves the hair soft, fluffy and lustrous—a characteristic highly desirable to every woman who wishes to retain her youthful appearance. W. A. Graham, who sells Sulpho-Sage, reports most satisfactory results among Newark ladies, and will refund your money if you are not pleased. (Clifton Chemical Co., Newark, N. J. Your Boys and Girls

It is not necessary to have a picture fastened to the nursery wall or to have expensive borders put on the walls to amuse the kiddies. You can achieve the same object yourself at little expense. Buy a ten cent roll of striped wall paper of some neutral color and cut it lengthwise with the stripes into long strips about three inches wide.

Paste these strips around the nursery wall about five inches from the floor. Above this paper strip, all around the room, will be pasted pictures clipped from old magazines and picture books by the children themselves. Most little folks nowadays, trained in the kindergarten to be deft fingered, can cut out pictures very neatly and the wall decorations will be doubly dear to them if they have had a hand in making it.

Every Day Etiquette

"I am to be an usher at a friend's wedding soon. What will my duties be at the reception?" inquired George.

"The ushers remain near the door of the room in which the reception is being held, escorting the guests as they arrive, to the bridal party, presenting them by name. It is also the ushers duties to see that all ladies are provided with refreshments," advised his father.

RICH GOLD MINES ARE DROPPED FROM 'FRISCO STOCK LIST

(ASSOCIATED PRESS TELEGRAM)
San Francisco, Aug. 13.—Belcher, Crown Point and Yellow Jacket, three California mines that produced more than \$150,000,000 and paid more than \$10,000,000 in dividends, are no more, so far as the stock list of the San Francisco stock exchange is concerned. After an activity of more than fifty years, the names of these three leaders of the great "comstock" group were dropped from the official list of the local exchange today on application of the management of the Jacket-Crown Point-Belcher company which asked to substitute the names of the Consolidated corporation and its common stock.

Millie Had "Bitten"
She was a little girl and very polite. It was the first time she had been on a visit alone, and she had been carefully instructed how to behave.

"If they ask you to dine with them, papa had said, 'you must say, 'No, thank you; I have already dined.'"

It turned out just as papa had anticipated.

"Come along, Mildred," said her little friend's father, "you must have a bite with us."

"No, thank you," said the little girl with dignity; "I have already bitten."

"Over The Wire"

[By Dorothy Clarke]

Did you know Lucille was back? Yes, she's going to run over this afternoon. I thought it would be nice if you and Janice came over too, and we played some "bridge." Will you? Good! No, nothing startling. We ran over to the ragata yesterday and I must tell you of a hat I saw on the Club House porch. My dear, it was gorgeous! And so unique. It had two brims. The upper being separated from the lower by a row of hand-tinted chiffon roses. The upper brim and the crown were of black velvet in sort of a pancake shape lined with pink satin. The lower brim was wired pale pink chiffon. A black and white mauline puff was worn with it. The ruff ending in pink chiffon roses and the quite long streamers were black velvet lined with silver ribbon. I think Lucille will have lots to say, so don't be late. Good-bye.

In Milady's Boudoir

By Gwen Sears

Headaches, which ruin all chances of beauty, may come from tired eyes, strained nerves, fatigue, or a disordered stomach, and in four cases out of five it is the latter. No temporary relief will serve when the headaches become constant, but an immediate removal of the cause will leave no reason for a return of the malady.

A good laxative, taken at once, will help, and then a dose should be taken once a week to keep the system clear of fermentation. Most women rush to their bottles of patent headache medicines at the first signs of pain, and sigh with relief when the pain leaves. But they do not realize at what cost to themselves they put off this pain with such medicines. Almost all headache cures contain drugs which weaken the heart and nerves. They invariably cause the aches to become more frequent, until their use is almost constant.

Instead of taking to a patent medicine to relieve the pain temporarily, any immediate should be sought which can be applied externally. And then the cause for the headache should be sought and removed, so that it will not recur. The first steps toward immediate aid are complete relaxation in a darkened room. Many women believe in the efficacy of cold cloths for the relief of the pain, but a very hot cloth will be found to do the work much more quickly. A hot water bag at the feet will aid to draw the blood from the head and so relieve the pain.

VETERANS

OF FOREIGN WARS TO HOLD ENCAMPMENT IN DETROIT NEXT WEEK

Delegates from the Insular Possessions Signify Their Intentions to be Present.

(Associated Press Telegram) Pittsburgh, Pa., Aug. 12.—Lieutenant Colonel Robert S. Woodside will leave this city today with the adjutant general's staff of the veterans of foreign wars of the United States, to open headquarters for the national encampment in Detroit, which opens in the Hotel Tuller, Monday. Delegates from this section will leave Sunday for Cleveland and thence by boat to Detroit.

Delegations from insular possessions and the canal zone have notified officials of the intention to be present, and every section of the country as well as the army, navy and marine corps will be represented.

An important question to be discussed and covered by resolutions to be acted upon, is that of the country's foreign relations, and the possible part that the veterans of the campaigns in Cuba, China and the Philippines and Porto Rico, may again be called upon to play, in the event of a need for their services.

W. S. Voorseger, of this city, will offer a plan in an attempt of the organization to solve the creation of an adequate veteran reserve, by securing the enlistment in such reserve of several hundred thousand veterans of the campaigns of the last two decades, as well of the thousands of enlisted men or the regular army who are annually discharged from the service by reason of expiration of terms of enlistment, and who go back into civil life without their trained services being held available to their country for the future.

Resolutions along this line adopted by the convention of veterans are expected to be laid before congress by the present commander in chief, Thomas F. Crago, congressman-at-large from Pennsylvania.

Right, but Wrong.
"A train leaves London, traveling at thirty miles an hour," began the master impressively. "Half an hour later another train leaves the same station, traveling at fifty miles an hour. Where will the second train run into the first?"
The class thought and thought, and judging by their faces, the problem in mental arithmetic was beyond them—all save one, young Tommy Smart.

San Francisco, Aug. 12.—"Taft Day" at the Panama-Pacific exposition, will be September 2, according to announcement today by the exposition management.

Mr. Taft left Pointe-Au-Pic, Canada, yesterday for this city accompanied by Mrs. Taft.

SUFFRAGETTES PAY HONOR TO MEMORY OF 1850 PIONEER

New York, Aug. 12.—Women suffragists from New York, New Jersey and other sections of the East, took part in a pilgrimage today to Orange, N. J., to pay tribute to the memory of Lucy Stone, a pioneer in the suffrage cause. The chief ceremony of a program to be conducted there was the unveiling of a tablet placed on the house that Lucy Stone once owned.

Following the unveiling the suffragists planned a series of rallies throughout the eastern part of New Jersey.

Lucy Stone headed the call for the first National Woman's Rights convention in 1850. Eight years later her household goods were sold in Orange because she refused to pay taxes unless she had a voice in levying them.

REPULSES

OF AUSTRIAN ATTEMPTS TO CROSS ITALIAN FRONTIER THROUGH PASSES

At an Altitude of 10,000 Feet, Praised in the Official Report Issued at Rome.

(Associated Press Telegram) Rome, Aug. 12.—Via Paris, Aug. 12.—The effectiveness of Italian Alpine troops in repulsing two Austrian attempts to cross the frontier through passes of the Alps at an altitude of 10,000 feet is praised by the Italian war office in today's official statement. The announcement says:

"In the steep rugged zone of the Furva valley, the enemy, who on the fourth had reconnoitered by patrols which were immediately driven back through the Vico Pass (10,000 feet high), delivered an attack on the night of the ninth across the Forno glacier against our troops posted near the hotel of the same name. While another detachment advanced through the Cedeval Pass (11,000 feet) against those of our troops who occupied Capanna Cedese. The watchfulness of our Alpine troops, who, notwithstanding glaciers and high peaks, are incessantly active, succeeded in frustrating this bold double maneuver and the enemy was soon repulsed. He was then counter-attacked and forced to flee."

"In Cadore, small encounters turning in our favor are reported in the high valleys of Anser and Visdende. In one of these fights we took prisoner forty light infantrymen."

"Isolated infantry and artillery actions also took place in Carnia in the valley of the Torrent of Pontehana. An Austrian detachment trying to climb the Italian slope, was attacked and put to flight."

"On the Carso plateau during the day of the 11th, no event of special importance transpired. Only small skirmishes are reported."

GUILD PICNIC AT A COUNTRY HOME SOUTH OF NEWARK

The third division Guild of the First M. E. church held a picnic at the beautiful country home of Mr. and Mrs. C. D. Pitzer south of the city Wednesday, Aug. 11. At 10 o'clock the ladies were met by Mr. Pitzer with a haywagon and taken to his home where at noon an old-fashioned picnic dinner was served and in the evening the ladies were brought back to the city by Mr. Pitzer and all agreed that Mrs. Pitzer was a royal hostess. The members present were: Mesdames Geo. Haynes, Geo. Frost, K. S. Settles, C. E. Alloway, F. Keenen, Conklin, H. L. McCoy, E. English, C. P. Long, J. A. Parkinson, C. B. Pitzer. The guests of the division were: Mrs. Z. Milligan and little

LONG RECORD BROKEN. Baltimore, Md., Aug. 12.—The wreck at Orient, O., yesterday, in which six passengers were killed and a score injured, breaks a record maintained by the B. & O. railroad of not having killed a passenger in seven years, railroad officials say. The accident cast a gloom over the railroad headquarters here.

FLOOD VICTIMS AT ERIE, PA., STILL FED BY THE CITY

(Associated Press Telegram) Erie, Pa., Aug. 12.—Many persons who lost their homes in the Mill Creek flood are still being cared for during the night by two kitchens near the devastated district. Officials in charge of the work expressed the belief today that it would be necessary to maintain both municipal kitchens the remainder of the summer. Workmen started the erection of a municipal bath house for the unfortunate, and private charities continued active. Fully fifty buildings damaged by the flood were condemned, and plans laid for a city ordinance that would prevent the erection of frame buildings in the creek basin.

RUSSIA SEEKS U. S. MARKET FOR PEASANTS' LACE

(Associated Press Telegram) San Francisco, Aug. 12.—Russia is seeking to create a market in the United States for koustar or lace, handwork of the peasants, with a view to providing employment for her maimed and crippled soldiers, according to an announcement made today by Theodore Kryshstofovich, special commissioner from Russia to the United States, who has arrived here from Petrograd, via Japan.

The direction of the lace industry, the commissioner said, has been taken over by the Russian government. Able-bodied peasants will no longer be allowed to make lace. The work will be turned over to crippled soldiers, incapacitated for ordinary work.

"I am on my way to New York, where a large shipment of samples of Russian koustar handwork is awaiting my arrival," said the commissioner.

LOWER

PRICES FROM HARD COAL WILL RESULT FROM CUT IN FREIGHT RATES

By Interstate Commerce Commission, in the Opinion of Pennsylvania Dealers.

(Associated Press Telegram) Washington, Aug. 12.—Ultimate reductions in hard coal prices were seen today by dealers who have kept in close touch with anthracite production in the interstate commerce commission's decision, making sweeping cuts in freight rates on the product. They explained that the decision was expected to put independent producers on the same footing as companies controlled by the hard coal carrying roads.

The decision affects freight rates on anthracite coal from the Pennsylvania coal fields. Generally lower rates called reasonable are prescribed and the roads required to establish through routes and publish through rates to be paid by all shippers.

The reductions ordered amount to 15 cents a ton on shipments of the so-called prepared sizes, such as stove, chestnut, and egg coal, from the mines to tidewater and 10 cents a ton on the smaller sizes of coal. These rates will now be \$1.45 and \$1.35 a ton.

Cuts to interior points range all the way from 15 to 80 cents a ton. The commission charges the roads with having granted a concession and offsets to their allied coal companies which have in effect, been rebates in violation of law.

Commissioner Harlan, who dissented, contended that while modification of many coal rates was justified, the action was inconsistent in view of the recent rate increase for view of the other traffic.

The severe cut made by the interstate commerce commission in the revenues of the anthracite railroads was reflected in the weakness of today's stock market. A block of 3,500 shares of Erie was offered down from 27 7/8 to 27, against yesterday's closing price of 29. Reading made an initial decline of 4 points and Lehigh Valley fell as much later, losing almost a total of 6 points. The entire railway list was adversely affected with losses of 1 to 2 points in the Pacific and some of the eastern roadways.

Activity in pool specialties was resumed with a gain of 5 points in Bethlehem Steel preferred and 4 1/2 in Virginia Iron, Coal and Coke.

Just So.

DOCTORS ARRESTED IN TOLEDO FOR NOT REPORTING DISEASES

(Associated Press Telegram) Toledo, Aug. 12.—The arrest of a score or more local physicians because of their failure to report communicable diseases coming under their attention, was indicated yesterday, when Health Officer Iford secured warrants from the county prosecutor's office. Repeated requests had failed, Dr. Iford said, to secure correct reports.

MILITARY HONORS TO ARMY AVIATOR KILLED THURSDAY

(Associated Press Telegram) Fort Sill, Okla., Aug. 12.—Military honors today were paid Captain George H. Knox, who was killed yesterday, when an aeroplane, which he was piloting over the United States army maneuver grounds, fell a distance of 350 feet. Immediately after the services Knox's body, escorted by two companies of the 19th infantry and the quartermaster's corps was taken to a railroad station to be sent to New York for burial.

Lieutenant R. B. Sutton, who also fell with the aeroplane at the same time Knox was killed in the hospital here but will be out within three days according to army physicians. Captain Knox was making his second flight Thursday when it fell. Shortly before he entered the machine on the last trip he bade several of his friends goodbye. Examination of his personal effects here showed that Captain Knox had made arrangements for their distribution in case he should be killed.

TAKE MEASURES TO FIGHT TYPHOID ON RIVER STEAMERS

(Associated Press Telegram) Pittsburgh, Pa., Aug. 12.—Efforts are being made by the Pittsburgh bureau of the United States public health service to prevent malaria and typhoid fever on river vessels in the Pittsburgh district and in the south and west. The co-operation of the boat owners and agents has been asked and at the bureau's headquarters it was said no difficulty in obtaining their aid was anticipated. It was explained that the steamboat men have come to realize that disease on boats is an economic loss to owners as well as men.

True Secret of Keeping Youthful Looking

(The Beauty Seeker.)
"The real secret of keeping young-looking and beautiful," says a well-known hygienic doctor, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, poisoning the blood and lodging in various organs, tissues and joints. One becomes flabby, obese, nervous, mentally sluggish, dull-eyed, irritable and sorrowful of face."
"But to get liver and bowels working after-effects, has been the problem. Fortunately, there is a prescription of unimpaired merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though of course it is not to be classed with the real calomel—prepared by the medical profession. This is the name and brand name of the tablets, which are not only effective vegetable tablets, but tend to improve tone and elasticity to the relaxed intestine and bowels, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

Chief Cause of Pimples, Blotches, Sallow Skin

(Messenger of Health.)
Unsightly eruptions, pimples, blotches, sallow or muddy skin, usually are due to a sluggish liver, a constipated bowels—and a polluted blood stream as a consequence. How foolish in such cases to resort to evanescent applications, which are but a temporary relief. There is a very simple remedy, which is as effective as any remedy known to the medical profession, long recognized by the medical profession, which is not only safe, but at such small cost no one need ever be deprived of its wonderful benefits.
"Santonin tablets"—that's the name—are entirely vegetable and there's no habit-forming ingredient. You need only take a few tablets, and you will find that at bedtime to realize there's nothing else quite so good for the purpose. The action in the morning is so easy, so soothing, and instead of a weakening after-effect, you feel truly refreshed and invigorated. Santonin tablets are not only the most effective remedy known for constipation and torpid liver, but offer the greatest relief to the most delicate of the character mentioned."

Great Demand for New Constipation Remedy

They say that the advent of the "Santonin" tablets, a vegetable substitute for calomel, has resulted in an extraordinary demand for this remarkable product. It is a fact that a bit particularly with those afflicted with chronic constipation, who were quick to recognize the advantages of Santonin tablets, and the need for a more effective remedy.
Santonin tablets, aside from their effect on the bowels, are also a powerful natural functioning—instead of encouraging the habit-forming action of the organs involved, they exert a healing influence. Instead of weakening the system, as is the case with calomel, they add tone to the system, and they are of course acting on this account to the benefit of the system. Their laxative effect is another reason for the popularity of Santonin tablets. One need not suffer from constipation, and take one tablet upon retiring, and be convinced that the ideal remedy for constipation, torpid liver, and other ailments, is Santonin tablets. Simply been found—Druggists everywhere.

DISASTER

TO STEAMER EASTLAND WILL BE INVESTIGATED BY PRESIDENT WILSON

Who Will Try to Learn if Any Federal Official Was to Blame—Boat Is Raised.

(ASSOCIATED PRESS TELEGRAM)
Washington, Aug. 13.—President Wilson is preparing to make a detailed study of all information obtainable regarding the Eastland disaster in Chicago, with a view to learning whether any federal officials were in any way to blame for the loss of life resulting from the capsizing of the excursion steamer. The president will confer with Secretary Redfield regarding the Eastland just as soon as he finds it possible.

Solicitor Thurman of the department of commerce today took to the White House a detailed report of the steps taken by Secretary Redfield in Chicago to investigate the disaster.

POWERFUL CRANES WILL PUT VESSEL ON AN EVEN KEEL.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Aug. 13.—With most of the water pumped out of the hold of the steamship Eastland, divers fastened the hooks of four powerful cranes to the sides of the vessel today preparatory to the final operations of placing the ship on an even keel. The boat, it was expected, would be raised before night.

Nets were stretched across the Chicago river for the purpose of catching any bodies which might be carried down stream by the current when the boat is hoisted from the river bed. All river traffic was to be halted during the raising operations until divers ascertained that no more bodies are buried in the mud.

IOWA WOMAN TELLS OTHERS

How Lydia E. Pinkham's Vegetable Compound Carried Her Safely Through Change of Life.

Cedar Rapids, Iowa.—"At the Change of Life the doctor said I would have to give up my work and take my bed for some time as there was no help for me but to lie still. I took Lydia E. Pinkham's Vegetable Compound and kept up my work and now I am over the Change and that is all I took. It was better for me than all the doctor's medicines I tried. Many people have no faith in patent medicines but I know this is good."—Mrs. E. J. RICKETS, 354 8th Avenue, West, Cedar Rapids, Iowa.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dizziness, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and inquietude, and dizziness, are promptly heeded by intelligent women who are approaching the period in life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried many women safely through this crisis.

If there are any complications you don't understand write Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass.

THE PRINCE, HIS BRIDE AND 28 CENTS

The Princess in Bathing

When Miss Ruth Waters Morgan of Palm Beach, New York and Newport announced last May she would wed Prince Ludovico Pignatelli d'Aragon, her father promptly issued a denial. He was absolutely sure there would be no marriage. Yet there was one, and Miss Waters, who is fair, plump and twenty, as may be seen in the photograph, became a princess, a real Castilian brand of Spanish princess, the prince said. And, moreover, she would be a sort of relative of the king of Spain, because the prince himself is a relative, he said.

Now she's got a prince, and the prince has only 28 cents. Furthermore, an unfeeling New York lawyer has threatened to put the prince and the 28 cents in jail. Then she won't have anything left at all—except a daddy who has more

money than any Spanish prince ever saw outside his dreams.

After three months of marriage to an American heiress the prince has filed a petition in bankruptcy, stating he has \$887.28 assets, but that only 28 cents is in cash. His liabilities amount to \$38,545. 32. Among his creditors is Mrs. Alice F. O'Connell, who holds judgment for the death of her husband in an automobile accident for which a New York court held the prince responsible.

When her counsel, Harry A. Redmond of New York, was asked about the situation he grew so angry he could hardly speak; but he did manage to say:

"I'll get a writ of body execution against the prince for the O'Connell judgment if I possibly can. That will put the prince in jail."

WARNING

ISSUED THAT AVIATORS MUST NOT FLY OVER CANADIAN BORDER

Governor of Minnesota Heeds Complaints of Authorities of Dominion and Takes Action.

(ASSOCIATED PRESS TELEGRAM)
St. Paul, Minn., Aug. 13.—A warning to aviators of Minnesota to cease flying over the international boundary line into Canada recently was issued by Governor Hammond and today it was stated at the governor's office that further complaint regarding the matter is not expected.

Several times since the opening of the European war, aviators cruising along the border have crossed the line despite statements of Canadian officials last fall that the practice would not be tolerated. Governor Hammond's attention was called to the matter last week in a letter from Secretary of State Lansing. Ambassador Sir Cecil Spring Rice informed Secretary Lansing that a Canadian order in council was adopted September 17, 1914, setting aside prohibited areas over which aeroplanes cannot fly.

In the future, aviators flying these aeroplanes will be in danger of gun fire from Canadian soldiers, it was stated.

Farragut's Way.

While preparations were being made for the attack on New Orleans, the navy department came into possession of a complete set of plans of the defenses of that city. Not only were the positions of the forts laid down, but also, the submarine mines, as well as the system of torpedoes, and the reserve of war vessels which were to cooperate with the land batteries. No time was lost in sending it to Admiral Farragut, but no acknowledgment ever reached the navy department. Meanwhile the passage of the forts was effected. New Orleans captured. Admiral Farragut in due time went north. Proceeding to Washington, he at once called at the navy department, where he received hearty congratulations upon his brilliant successes. While he was in the department a prominent official referred to the plans of the defenses of New Orleans and asked the admiral if he had ever received them. "Yes," he replied, "I received the plans, but on examination I found out that, according to them, New Orleans could never be taken. So I tore them up and threw them into the waste basket."—Argonaut.

The "Fins" of a Submarine.

There are few persons outside of the navy who have ever seen a submarine's "fins" in action. The modern submersible craft built for the United States navy are all provided with these lateral rudders, but when the vessels are at the surface or moving in a level plane under water the fins are folded back into recesses in the sides of the hull. The purpose of these plans is to aid the submarine to rise or sink on an even keel. "Porpoising," or rising and diving at an angle, is avoided in submarine practice as much as possible. The lateral fins are attached to the hull by ball and socket joints, so that they may be rotated to give a planing effect either upward or downward at any angle and folded away when not in use.—Popular Mechanics.

The Camel's Stomach.

The stomach of a camel is divided into four compartments, and the walls of these are lined with large cells, every one of which can be opened and closed at will by the means of powerful muscles. When a camel drinks it drinks for such a long time you really think it never meant to leave off. The fact is that it is not satisfying its thirst, but is filling up its cistern as well. One after another the cells of its stomach are filled with water, and as soon as each is quite full it is tightly closed. Then, when a few hours later the animal becomes thirsty, all it has to do is to open one of the cells and allow the water to flow out. Next day it opens one or two more cells, and so it goes on day after day until the whole supply is exhausted. In this curious way a camel can live five or even six days without drinking at all, and so is able to travel quite easily through the desert, where the wells are often hundreds of miles apart.—Exchange.

PESKY BED BUGS

Doctors declare that bed bugs and other vermin are the most to be feared means of spreading such diseases as consumption, spinal meningitis and other infectious troubles. There is no disgrace in getting bed bugs in your home, because that can't be avoided, but it is a disgrace to permit them to remain and thrive, when it is so easy to get rid of them with the new chemical compound, P. D. Q., which actually puts an end to these pesky devils.

A MILLION BEDBUGS
A 25-cent package of this golden chemical will make a quart of a mixture that is so deadly to bed bugs that it would kill a million of them if you could get that many together. If they were as big as your hand it would sweat them just as well. And not only the live ones, but the future generations as well, because once it hits the eggs they are gone.

CUT THIS OUT
Your druggist has P. D. Q. (Pesky Devil's Quinine) and will be glad to furnish it for 25 cents. One 25-cent package makes a quart of the mixture and is equal to a barrel of old-fashioned bug killer. Some druggists may try to tell you something else. Don't accept a substitute. If your druggist hasn't P. D. Q., send us his name and 25 cents and we will send you a package instantly prepaid to your address.

WILL NOT DAMAGE GOODS
P. D. Q. will not injure delicate fabrics, clothing, carpets, furniture, bedding, wall paper or woodwork. In fact, it is often used as a deodorizer and disinfectant.

KILLS FLEAS ON DOGS
If you have a pet dog who is infested with fleas take a little P. D. Q. mixture in your hand and rub it in the fur. Then watch the fleas loop the loop. They will be dead before King Solomon before they hit the floor.

CHICKEN LICE DESTROYER
Have your chickens get lice? Don't hesitate. Get a 25-cent package of P. D. Q., make a gallon of lice-destroyer from it as directed and then get busy in the hen house. It's so easy you'll laugh and so will the chickens. By the way, did you ever see a chicken laugh? Try this and watch 'em.

FOR ANTS AND COCKROACHES
The ants and cockroaches stand just as good a chance of surviving a treatment of P. D. Q. as a snowball in a just famed West Coast. It swats them and their eggs with a wallop that puts their whole generation out of business. Use it on bare in storage to kill and keep out moths.

A BEDBUG SPOUT
Every package of P. D. Q. contains a patent spout that fits any ordinary bottle. It will enable you to reach the hard-to-get-at places and save lots of time. When buying look for the Devil heads on every package of P. D. Q., then you'll be sure to get the genuine.

B. & O. NOTES.

The Baltimore and Ohio railroad has opened a large new freight station in Brooklyn, New York. The new station occupies fully 200 feet of bulkhead space and offers great advantages to shippers from the Wallabout Market. Freight received at the station previous to 4:30 in the afternoon is shipped out the same evening. Under the former arrangement freight received by the railroad company after 3:30 P. M. or at 4 o'clock at the latest, was held until the following morning.

Freight passing through the new station is handled by car floats and fast through service is maintained in connection with the new terminal to and from all points west and south.

In the appointment of B. C. Tracey as supervisor of electric welding of the Baltimore and Ohio railroad, with jurisdiction over this work in all shops on the system, circular of which has been issued by F. H. Clark, general superintendent of motive power, it is believed that one of the youngest men ever appointed to an official position on an American railroad has been promoted. Mr. Tracey is a youth in his early "twenties" whose railroad career is an example of the training which the corporation gave the young man to fit him for his life's work.

Entering the service as a messenger boy, he was taught elementary studies in a night school supported by officials of the Baltimore and Ohio and other business men of Baltimore. Later, he was entered in the railroad's course for shop apprentices and given an opportunity to specialize in electric welding.

When 31,185 tons of coal were loaded into vessels over the docks of the Baltimore and Ohio railroad at Lorain, O., on July 30, it is believed that a record of tonnage handled by one machine was established for the Great Lake ports.

Reports from the fruit-growing sections of West Virginia, Maryland and Virginia indicate that the crop of peaches this year will be one of the best realized in several years. It is estimated that at least 5,000 cars of peaches will be shipped over the Baltimore and Ohio railroad from this section during the present season.

An idea of the intimate knowledge which railroad officials have of the cost of conducting the transportation service is afforded by the estimate made by fifty officials of the staff of the general manager of the Baltimore and Ohio railroad, who estimated recently the expenses of the road for a month, taking into account every item down to the pounds of waste used in locomotive cleaning, and the figures showed that the estimate has been only \$10,000 in excess of the actual cost.

The terminal of the Baltimore and Ohio railroad at Chillicothe, Ohio, has been equipped with a modern system of fire protection. Water has been piped through the yards, station buildings and shops in accordance with the policy of the company of taking every precaution to prevent the destruction of its property and the loss of shipments by fire. The railroad employees at Chillicothe have been organized into emergency fire companies, as has been at most of the large terminals of the road.

Changes in the official force of the Baltimore and Ohio railroad have been made recently, as follows:

Nathan L. Guilford has been appointed assistant industrial agent at Cincinnati, O.

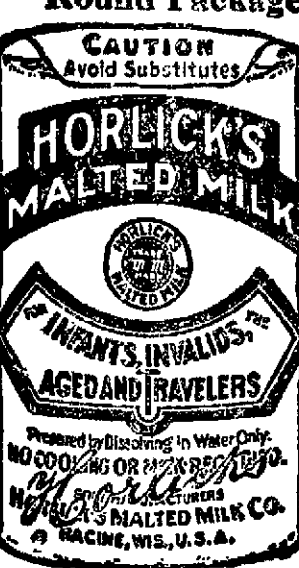

J. E. Lloyd has been promoted to division engineer at Cleveland and has been succeeded by L. W. Strayer as assistant division engineer at Garrett, Ind. Mr. Strayer was transferred from Chillicothe.

THE cardinal virtue in banking and in business is PUBLIC CONFIDENCE. It is the essential asset without which success is impossible.

It must be inspired by the personnel of the directors and the management and must be held by conservatism in the policy of conducting the bank's affairs.

This is the attitude taken by this bank since its organization in dealing with the public—and that the public has responded in the generous measure that it has, in entrusting its money to our care, is sufficient evidence that the public views the matter as we do.

PEACHES READY AT CASE ORCHARD, GRANVILLE, OHIO

Peaches will be ready at Burton Case's orchards north of Granville about August 16. The orchards are located 2 1/2 miles north of Granville on the Mt. Vernon road. The crop is even finer than was that of last year.

Champions will be ripe about August 16. Elbertas and other varieties in close succession. About 100 bushels of early Carnations are ready now.

Peaches furnished at the orchard are absolutely fresh and sorted in your presence if you so desire. Everybody welcome.

Bring your baskets and have them filled with peaches fresh from the trees. No more beautiful sight can be imagined than is the orchard which produces the "Champions" the most beautiful peach that grows.

DON'T USE SOAP ON YOUR HAIR

When you wash your hair don't use soap. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle.

The best thing to use is just plain mulished coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months.

Simply massage the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides it loosens and takes out every particle of dust, dirt and dandruff.

TWO PHYSICIANS FOR NERV-WORTH

Well Known Huntington Practitioners Use It Successfully For Selves and Families.

Physicians often prescribe Nerv-Worth, after having tested it upon themselves or upon members of their families. From Huntington, W. Va., comes the following:

Dr. N. B. Peterson's Praise.
"Nerv-Worth is truly a great remedy. I have used it professionally in my practice and actually and practically in my family. It gives me pleasure to recommend it to the profession and also to the general public. It, in my opinion, will prove a great boon to sufferers from the troubles for which it is intended to be an ameliorative remedy."

And Dr. Geo. W. Adams Says:
"I suffered with nervous indigestion and all troubles originating from such conditions. Have been taking Nerv-Worth for one week and can say my conditions are much improved and I can recommend Nerv-Worth to any one suffering from neurosthenia."

This endorsement by two reputable Huntington practitioners are of great importance. The recognition of Nerv-Worth's merits in such professional quarters is another reason why the victims of nervous disorders should test the merits of this great test of all nerve tonics. Buy a bottle today at the T. J. Evans drug store. Your dollar back if it does not help.

With Climacene in your home you can always have plenty of pure, soft water for bath, dishwashing and laundry. Ask your grocer. 8-13-11

ESTIMATE ON BEEF
GATTLE ASKED OF
CHICAGO BROKERS

[ASSOCIATED PRESS TELEGRAM]
Chicago, Aug. 13.—Clay Robinson
and company, livestock commission
dealers, admitted today that they
had received a request from a
London broker several weeks ago
for an estimate on furnishing one
million American beef cattle deliv-
ered at Liverpool. The firm said it
was led to believe that the broker
making inquiry represented either
the English or French government
and that the live cattle were wanted
for the army.

Clay Robinson and company do
not do an export business and for
that reason declined to make an es-
timate on the order. Several other
dealers were asked to bid but so far
as could be learned they all declined.

Newark Knights Lose.
The Newark ball team of the
Knights of Columbus lost Thursday
afternoon to the Columbus Knights
by a score of 8 to 1. The game was
a feature of the annual outing of
Central Ohio Knights at Inukeye
Lake. Zanesville Knights will be
hosts of next year's outing. Delegates
were present Thursday from Colum-

every night and among the speakers,
are Rev. W. H. Baker who will
speak on Monday and Tuesday night
and Rev. M. A. Lamp who will
speak on Thursday and Friday night.

UPLIFT DAY
FITTINGLY OBSERVED BY THE
VILLAGE OF CHATHAM ON
THURSDAY

Parade Featured Morning Exercises.
White Interesting Contests Took
Place in the Afternoon.

Three years ago Chatham had a
home coming and the next year, the
Men's club composed of 85 members
gave what was known as Chatham
"Uplift Day" and yesterday the sec-
ond annual uplift day was cele-
brated.

The club is composed of business
men and the event of Thursday was
an unqualified success. A large pa-
rade was given in the morning form-
ing in the G. W. Dunlap field on the
Johnstown road. Heading the pa-
rade was a large wagon, which had
been decorated for the occasion and
on it were about forty people from
St. Louisville. A number of ponies
were also decorated for the parade
and the Granville High School band
composed of boys and girls furnished
the music.

At 11:30 the crowd assembled in
Assembly field where contest and
games were held under the direction
of J. M. Lambert. The parade was
in charge of W. T. Griffith, marshal,
and L. T. Inscho, assistant.

At noon dinner was served and in
the afternoon a program was fur-
nished by the Granville band and an
address of welcome was made by
Dr. J. C. Arbuckle. The baby show
had sixteen entries and the award
of Mr. Bert Bruce recited the award.
President Edwin Albert Smith of
Ohio Wesleyan University of the after-
noon delivered the address of the ad-
dress and a baseball game between St.
Louisville and Chatham was called
at 3:30 which resulted in St. Louis-
ville winning by a score of 1 to 0.

In the evening a fantastic parade
was given followed by music and
drills by the young people. Dr. J.
Arbuckle delivered an address
which concluded the program for
the day.

The only accident that marred the
day was when Miss Gertrude Price
had her thumb thrown out of place
when she was struck by a foul ball
during the ball game. Dr. Marriott
of St. Louisville dressed the injury.

TRAIN KILLS SIX
SECTION HANDS

[ASSOCIATED PRESS TELEGRAM]
Harrisburg, Pa., Aug. 13.—A Penn-
sylvania railroad train ran into a party
of track hands east of Mt. Union, Pa.,
early today, killing six of them.

A new iron mine now being opened
in Minnesota has an estimated
content of 40,000,000 tons of ore. It
will be worked by the open-pit meth-
od prevalent in that State.

Glaciers in Nebraska.

Many of the physical features of
eastern Nebraska were produced by
sheets of ice that invaded the region
during and after the earlier stages of
the great ice age. At the opening of
the glacial epoch the great Keweenaw
glacier spread southward and covered
large parts of the Dakotas, Minnesota
and Iowa and extended thence into
eastern Nebraska, where it was prob-
ably several hundred feet thick. This
first stage of glaciation was brought
to a close by the melting of the ice in
a warmer interglacial time or stage—
the Aftonian.

A remarkable assemblage of animals
invaded the region after the ice had
disappeared, and the bones and teeth
of many of these animals have been
found in the Aftonian deposits of
western Iowa. The late Professor
Samuel Calvin identified the remains
of horses, camels, stags, elephants,
mastodons, mammoths and sloths.
When these animals lived in western
Iowa the climate there must have been
comparatively mild and vegetation
very abundant.—Geological Survey Bul-
letin.

Trollope's Cigars.
Anthony Trollope piled himself on
having reduced the writing of novels—
and good novels—to something like a
mechanical process, devoting to the
work so many hours a day and timing
himself to an output of so many words
an hour. His advice to the literary
aspirant was to glue himself to his
seat and write, but he himself had an-
other source of inspiration.

One wall of his library was devoted
to rows of little cupboards or bins,
each with a separate glass door and
filled with cigars stacked across and
across like timber to allow free cir-
culation of air. A pointed stud in the
wood above the door indicated the bin
in use, and as soon as any one bin was
emptied the stud was removed to
above the next door and the empty re-
ceptacle refilled from the big chests
which Trollope obtained straight from
Havana.—London Saturday Review.

Walpole, Knight of Garter.
When Sir Robert Walpole was in-
stalled knight of the garter in 1726 he
was the only commoner, with one ex-
ception, to whom the honor had been
given since the reign of James I. The
honor apparently was regarded as so
great that Walpole had to apologize for
his audacity, which he did in this fash-
ion: "Is ambition imputed to me? Why,
then, do I still continue a commoner?
I who refuse a white staff and a peer-
age? I had, indeed, like to have for-
gotten the little ornament about my
shoulders which gentlemen have so
repeatedly mentioned in terms of sar-
casm obloquy. But, surely, though
this may be regarded with envy or in-
dignation in 'another place,' it cannot
be supposed to raise any resentment in
this house, where many may be pleased
to see those honors which their ances-
tors have worn restored to the com-
mons."—London Chronicle.

Poisons in Warfare.
There are many substances which
may be employed to poison or asphyx-
iate an enemy, either by tempering the
wind or by use in projectiles. Hydro-
cyanic acid, known as prussic acid, is
so poisonous that a mere breath of it
means instant death. Sulphuric an-
hydride when brought in contact with
air combines rapidly with moisture ab-
sorbed from the air, producing sul-
phuric acid. Thrown in a bomb with
just explosive charge enough to dis-
rupt the bomb and scatter the sul-
phuric anhydride, the air for a large
space about the explosion would be at
once converted into a dense fog of sul-
phuric acid. Liquid ammonia similarly
employed would instantly so fill the
atmosphere with ammonia as to strangle
all persons in the immediate vicini-
ty.—Brooklyn Eagle.

The Heart of a Mouse.
A tiny mouse who lived near the
house of a magician begged him to
save her from the cat, of whom she
lived in deadly terror. So the magi-
cian changed the mouse into a cat, and
she went away delighted. In a few
days she came back again in terror.
"Oh, save me, save me now from the
dog," she begged. And the magician
changed her to a dog. A few days
more and back she came, this time in
deadly fear of a tiger. "Nonsense,"
said the magician. "You have only the
heart of a mouse, and afraid you will
always be. It is the heart that tells."

Our Mica Mines.
Mica mining in the United States
started early in the nineteenth cen-
tury in New Hampshire, which state
supplied all the domestic production
until about 1868, when mining was
started in North Carolina and subse-
quently in other states. At present the
greater part of the sheet mica is used
in the electrical industry, and most of
the scrap mica is ground for use in the
decorative trade, especially in wall pa-
per.

SYMPATHY

OF PRESIDENT WILSON TO
MOTHER OF SOLDIER KIL-
LED IN HAITI.

Extended in Letter in Which he Con-
gratulates Her Upon Son's
Glorious Death.

[ASSOCIATED PRESS TELEGRAM]

Washington, Aug. 13.—President
Wilson has written to Mrs. Sophia
Gompers, of Brooklyn, N. Y., mother
of William Gompers, the sailor killed
by a Haitian sniper during the
American occupation of Port au
Prince, Haiti. The president's letter
was in reply to one from Mrs.
Gompers in which she said she was
proud that her son had died in the
service of his country, but that as he
had been her sole support, she
hoped the government could help her
in some way.

The president's letter, given out
today at the White House, follows:
"My dear Madam:

"I feel like congratulating you on
having had a son whose dignity it
was to die in the service of his country,
but my heart goes out to you
none the less in profound sympathy.

"I am sure that it would be the
desire of every one connected with
the public service to see that you
did not suffer need because of your
son's death. I am sending you the
letter to the secretary of the navy to
inquire whether there is any possibi-
lity under the law as it stands of
assisting you. I fear that there is
not, but I am sure the secretary
of the navy will wish to consider the
matter very fully.

"Cordially and sincerely yours,
"Woodrow Wilson."

PREACHER NOW
SUSPECTED OF
GIRL'S MURDER

(ASSOCIATED PRESS TELEGRAM)
South Bend, Ind., Aug. 17.—Confident that his son, Newton Ebersole, 20 years old, knew nothing of the murder last October of 15-year-old Hazel Mackin, until after the commission of the crime, the police today turned their attention to the father, Elias N. Ebersole, former Dunkard minister, who is in jail here. The son, however, will be held in the Goshen, Ind. jail pending the investigation. Ebersole was held by the police for a few hours at the time the girl's body was discovered in a vault on Island Park, but was released.
An old canvas telephone bag, which the police assert was carried by the Mackin girl when she left the home of her aunt, Mrs. Charles Miller, to meet a Dunkard and his wife to take employment, and which the police say was found in the house recently vacated by Ebersole, led to the re-arrest of the former minister.

MALFEASANCE IS
CHARGED AGAINST
ELECTION BOARD

(ASSOCIATED PRESS TELEGRAM)
East Liverpool, Ohio, Aug. 13.—G. Y. Travis, former Progressive party county chairman, went to Columbus today to file a petition with the secretary of state, asking the removal of the four members of the Columbiana county board of deputy state supervisors of elections. He will charge malfeasance in office, based on a refusal of the board to permit him to either vote or qualify to vote in the Republican primary last Tuesday when he was a candidate for nomination as city solicitor. The members of the board who face attack are: Charles A. Cavanaugh, James S. Hilbert, Charles H. Brannen and J. Frank Adams.

Granville

(Special to The Advocate)
Granville, Aug. 13.—News of the sudden death of Mr. Douglas M. Moore at his home in Middletown, O., was received here, and yesterday Mr. Charles Willis and Mr. Mark Smith, who have been living at the Beta House this summer, went to Middletown to attend the funeral. Mr. Moore, who finished his freshman year in Denison last year and was a member of the Beta Theta Pi fraternity, intended returning to Granville next month. No details of the sad occurrence have been learned.

Rev. and Mrs. Millard Brelsford, who returned a few days ago from a visit with their parents at St. Paris, O., left again yesterday for Cleveland, accompanied by their two sons. They do not expect to return to Granville before September 1.

Mrs. Oscar M. Arnold of New York City, who has been with her sister and brother, Miss Mar. McKibben and Dr. Paul McKibben, in Northport, Mich., and at the Arnold home in Mt. Vernon for the past few weeks, is in Granville at the home of her father, Dr. G. P. McKibben. Mr. Arnold is expected to arrive on Saturday.

Miss Bertha Frank, daughter of Mr. and Mrs. C. E. Frank, of Centerville street, left for Mansfield this morning for a round of visits in her old home town. Several social affairs are planned in her honor. She will be the guest of Mrs. Charles Huston, Miss Harrier Nail and other friends during her stay.

Prof. and Mrs. Emsweller, who have been visiting relatives in their home town, Utica, O., have returned to their home in Elm street.

Mrs. C. E. Goodell is entertaining her sister, Mrs. Bess Ogle Heinrichs and two children of Indianapolis.

Mr. Roy B. Deer is the guest of Granville friends for a few days.

Rev. Horace Hunt, after a two weeks' visit with his mother, Mrs. Helen Hunt at her home in Park Drive left this morning for his home in Geneva, O., where he recently was ordained and installed as pastor of the Baptist church.

Mrs. Belle Grove Wright is attending the Scoto Association meetings in Hebron today. Mr. and Mrs. E. J. Dorsey, who attended the sessions on Wednesday and Thursday, report a large attendance, great interest and a most generous welcome from the Hebron church.

will make his home. His address will be 2091 College street.

The national convention of Beta Theta Pi fraternity will be held in San Francisco on August 22. Charles Willis will represent Alpha Eta chapter of this place. Mr. Raymond Becket formerly of Granville, now attending college at Oxford will represent his chapter. Messrs. Willis and Becket will meet in Chicago and go on a special car with other delegates from eastern states.

STOCKHOLDERS
DRESDEN BANK
MAY BE ASSESSED

From an unofficial, but seemingly authentic source, it is learned that a meeting of the stockholders of the Dresden National bank is to be called for an early date at which meeting it is understood that the question of assessing the stockholders the full amount of their stock will be considered.

No one has yet made public a statement of the shortage in the accounts of John Hornung, the missing cashier of the bank, but the impression grows that the amount will be found much larger than had been expected by many.

As has been said, the books of the institution are in such shape that each individual account must be checked with the depositor's pass book before the examiners and the receiver can gain an accurate idea of the real situation.

Should the stockholders be assessed for the full amount of their stock, a ready fund of \$25,000 would be provided which, with the assets of the Hornung estate and the reputed assets of the bank, should provide a fund of something like \$75,000 to meet the claims against the bank.
